#### American and Foreign STEREOSCOPIC EMPORIUM.

E. ANTHONY,

308 BROADWAY, NEW YORK.

After May 1st, 1860, 501 BROADWAY, two  
doors to the St. Nicholas Hotel.

The Stereoscope is the most instructive, interesting,  
entertaining, amusing, and exciting of modern inventions.

None are too young, none too old, none too intelligent,  
none too uneducated, to acknowledge its worth.

No home is complete without it, and it must and  
will penetrate everywhere.

We have every part of the world, in all the colors, boldness, perspective, and sharpness of  
detail, as you were on the spot.

Persons in Europe, America, in search of the grand  
and beautiful, and the results of their skill are con-  
tinually arriving.

We have an immense variety of paper views of  
Asia, Africa, America, in search of the grand  
and beautiful, and the results of their skill are con-  
tinually arriving.

Every Gentleman of Wealth and Genius, Yester-  
day and to-day, has a stereoscope, and a collection of ex-  
quisite views on glass, with a revolving stereoscope,  
showing 12, 25, 50 or 100 scenes. Nothing can  
more impressively impress the mind than to treat  
a friend of the picturesque and the beautiful.

Anthony's Illuminating Stereoscope.

The pictures are taken in the fourth part of a second, and everything no matter  
how rapidly it may move, is perfectly preserved.

This gives an additional value, for the beauties of motion, and the grandeur of the scene.

The process is a discovery of our own, and  
being unknown in Europe, we receive from London  
large premiums for our pictures.

Views of American life and scenery.

Among other things we have just published Spec-  
tacular views of the interior of the FETTON  
STREET PRAYER MEETING, in which many hearts feel  
an interest.

The pictures are taken in the fourth part of a second, and everything no matter  
how rapidly it may move, is perfectly preserved.

Our Catalogue of subjects and prices will be for-  
warded to any address on receipt of a stamp.

\$10, \$15, \$20, or \$25 can have a good instrument, and such pictures as key are to be had without  
waitlist.

Particulars who wish to be advised of everyting real-  
ly valuable that comes out, may send us their names to place on record, and we will keep them  
on account of our services.

Men who will not photograph a most fasci-  
nating and delightful amusement. We are prepared  
to supply every person with a stereoscope, and  
for their success together with instructions "How to
